Introduction

This directory has been prepared for Saskatchewan manufacturers and suppliers interested in selling to Saskatchewan's public sector.

In it are the names, addresses and phone numbers of the right people to contact about procurement for federal and provincial government departments and crown corporations; municipal government; hospitals and special care homes; school boards, universities and technical schools.

The directory is designed to help Saskatchewan manufacturers and suppliers get their foot in the door with Saskatchewan's public sector purchasers. By indicating when organizations have preferences as to how suppliers make their first contact, the directory may even help suppliers put their best foot forward rather than in their mouth.

It's a market worth pursuing. Last year, the public sector in Saskatchewan bought about 3 billion dollars worth of goods and services. Since it's easier to buy familiar brand names from familiar suppliers, many of these purchases were imported goods from outside the province. But that policy is changing. Purchasing personnel are increasingly aware of the benefits of local sourcing and they're ready to consider new suppliers and Saskatchewan products. So now is the time to get to know these people and make them aware of your products. With a bit of effort, you can make sales.

For more information about selling to government, increasing sales, developing new products or new markets, contact the Marketing Benefits Branch of Saskatchewan Tourism and Small Business. We're here to help.

Saskatchewan Municipalities

All cities and towns have been included. Regina and Saskatoon have vendor information forms for suppliers to request, complete and return. The first step in selling to the other cities and towns is to contact them with information about your company, product and service.

The Saskatchewan Urban Municipalities Association does some central purchasing for its members. For more information, contact:

SUMA
Sheila Henderson
200 - 1819 Cornwall Street
Regina, Saskatchewan
S4P 2K4
Phone: 525-3727

Rural municipalities have not been included because the list is long and their consumable product needs are few. The Saskatchewan Association of Municipalities does some central purchasing for its members. For more information, contact:
